

WORK ZONE SAFETY SERIES

6' X 12' INLINE ANTI-CLIMB WELDED WIRE FENCE PANEL

Temporary Fence Panels crafted from pre-galvanized welded wire steel with extra vertical support bar to enhance stability.

Anti-Climb Mesh

Small aperture to block unauthorized entry, enhancing security.

Lightweight & Portable:

Designed for swift, one-person setup, facilitating transport.

Economical

31lbs design cuts shipping fuel costs, affordable for all project sizes.

Superior Welding

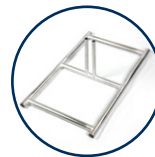

Stronger with thorough welds and corner brackets for enhanced support.

Enhanced Durability

Reinforced corner plates for robust, uniform, and durable performance.

OPTIONALS

Metal Tube Stand
