

WORK ZONE SAFETY SERIES

6' X 12' VERSA ANTI-CLIMB WELDED WIRE FENCE PANEL

Temporary Fence Panels crafted from pre-galvanized welded wire steel with extra vertical support bar to enhance stability.

SPECIFICATIONS

Panel Size	6 ft x 12 ft
Tube Diameter	1-3/8".
Tube - Gauge	17ga
Gauge Wires	10
Aperture	2.3"
Weight (lbs)	50.7
Finish	Pre- Galvanized

Enhanced Durability

Heavy-duty panels with vertical support for stability and safety in tough conditions.

Superior Welding

Advanced technology for complete joint welding, enhancing strength and integrity.

Reinforced Durability

Corner plates ensure lasting performance and durability

Robust Frame

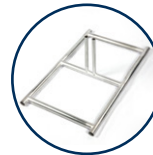

Thick walls and sturdy construction ensure endurance against rigorous use.

Increased Stability

Vertical crossbar provides resilience in demanding environments.

OPTIONALS

Metal Tube Stand

30"x 18' galvanized fence base weighting 10lbs

Hi-Viz Anchor Stand

12"x 36" hi-viz orange PVC fence base weighting 7lbs

Panel Clamp + Bolt

1-3/8" panel clamp with 5/16" x 2-1/2" bolts
