

WORK ZONE SAFETY SERIES

ANCHOR WEIGHT FENCE BASE

A sturdy alternative to sand-filled ballasts, this fence base is low-profile, hi-vis, easy to transport, and reduces fence toppling to minimize liability.

SPECIFICATIONS

Weight (lbs)	32 Lbs
Length	19 In
Height	3 In
Width	24 In
Color	Black; Orange or Yellow
Material	Thermoplastic Compound

High Visibility

UV-resistant colors making it hi-vis for longer.

Added Security

Equipped with zip tie points to secure the base to the fence.

Stackability

Stackable for easy transportation and storage.

More Stability

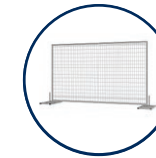

Engineered to replace conventional sandbags, outlasting them by 10 times.

FENCE TYPES

The Anchor Weight is compatible with these fence types:

Chain-link Temporary Fence

Welded Wire Temporary Fence
